mily resort to personal favoritism as a means of petting bread.

There is a tadical error in the manner of appointing women. It is not every man who is lit for any pioneer movement and to expect that all women, or even a majority are fitted for this advance post on the picket line of civilization, is expecting superhuman perfection of the feminine half of humanity. Yet such is the system, or want of system, on which this grand experiment has been inconsiderately tried. To get an appointment nequaliheations are required, out in-distinct are from the District or its immediate vicinity, and a supposed to be living. Only four of the number of their receive this spectage of each of the inconsideration of the system, or want of system, on which this grand experiment has been inconsiderately tried. To get an appointment are from the District or its immediate vicinity, and a special of their receive this spectage of the system of the number lived to receive this spectage of the system of the system of the number lived to receive this spectage of the system of the living on every one numbered dollars of the living of their receives this spectage. the District or its immediate vicinity, and, of course, are women of the South-

dead enough to satisfy any respectable undertaker of the proposety of burial and one wonders that she does not add a setting of green layers to the maggintal and one wonders that she does not add a setting of green layers to the maggintal sources at the close of the last fiscal year

ries of this becoming and lady-like em-ployment. The superintendent gets fidgpleyment. The superintendent gets fidging of the superintendent is a piece of writing to copy. The lady looks injured, and as the Superintendent is, of course, a Southern genitement, who has been selected for that place with special reference to his amiaplace with special reference to his amia-dity, he feels like "a horrid wretch." inty little hands take up the pen and the dainty little brain keepson "one, two, three, four, and a large one—one, two, three, four, and a loop," "Loop," Yes. Reg parden! I said "knot,"

in her lap and leer head on her left shoulder, cocks her right over at him like a canary making prognostications about the weather, says something silly, and the poor man begins to scratch his head. The conference lasts some time. The soliter hundred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is the conference lasts some time. The mindred and sixty-five, which is some period was seven, at an annual problem the "deep dammation" of the whole afflat, or to know that then and these every woman in the room "feit life" and richily deserved so to fail.

Another, as pure as New England frest, "bright as a button," active as a because of the same period was seven, at an annual does it as well as an unit work in the month and does it as well as any man in the department, but her book is wanted for reference. She wants to surprise some frient ment, but her book is wanted for reference. She wants to surprise some friend with a part of sonks for a new bady, and will be a reference to the same period was one the will be a surprise some friend with a part of sonks for a new bady, and will be a reference of the mary, and while far book is gone, with on the time of the proper topor, the arrows and the will be applied and sixty-six will be applied and sixty-six will be applied and sixty-six will be applied to the wildow or descending the wood. The book is first timed of sixty-six will be same period was one hundred and firy-one delete comes into the room, goes our many will be same period was one hundred and sixty-six will be same period was one hundred and sixty-six will be same period was one hundred and sixty-six will be same period was ano
